

All Hands Fire Equipment & Training, in cooperations with The Hazmat Guys, is pleased to present

LITHIUM-ION BATTERY FIRES & EMERGENCIES

This comprehensive program will introduce and educate students on Lithium-Ion battery emergencies.

Instructors have real world experience in response, handling and mitigation of Lithium-Ion Battery and related emergencies as members of the FDNY Special Operations Hazmat Response.

Overview of Lithium-Ion Batteries

Chemistry of Li-Ion Batteries

Variations in battery types and their impact on harm potential

Fire Operations

Hazmat Operations

Demonstrations

This class will be presented at the **Southwest Virginia Firefighters Association Convention** on June 14, 2024 from 7:30am to 4pm at Natural Bridge, Virginia.
